Prerequisites:

Current HLTAID003 qualification (expiry within one month of course date). Please note that all pre-course homework **must** be completed prior to attending.

Note that the Learner will need to meet the required ACSF levels and Foundation Skills requirements to successfully complete the course.

It is important to note that the HLTAID competency standards do require a level of physical ability to meet the evidence requirements for assessment. Due to the potential risk to health and safety it is important to note that learners must be able to perform at least 2 minutes of uninterrupted CPR on an adult manikin placed on the floor. These standards relate to the level of performance required to provide resuscitation and respond to an emergency situation where there may be risk to life.
